If all tied Entrants answer the question incorrectly, another question will be asked, and the above process will be repeated until only one of the Entrants answers the question posed correctly in the shortest amount of time. The one (1) Entrant that answers the question correctly in the shortest amount of time, will be declared the Highest Score Prize winner. In the event multiple tied Entrants answer the question correctly in the same amount of time, another question will be asked and this process will be repeated until only one of the Entrants answers the posed question correctly in the shortest amount of time. Once a question has been answered incorrectly, the Entrant will not be able to answer again on that question. If all tied Entrants answer the question incorrectly, another question will be asked, and the above process will be repeated until only one of the Entrants answers the question posed correctly in the shortest amount of time.
